

## Population and dwellings

### Number of people counted

- 975 people usually live in Inner Peninsula. This is an increase of 36 people, or 3.8 percent, since the 2006 Census.
- Inner Peninsula has less than one percent of Dunedin City's population.

Population of Inner Peninsula and Dunedin City		
2013 Census		
Sex	Inner Peninsula	Dunedin City
Male	501	57,666
Female	474	62,583
Total people	975	120,246

Source: Statistics New Zealand

Note: All figures are for the census usually resident population count.

### Number of dwellings counted

- There are 375 occupied dwellings and 33 unoccupied dwellings in Inner Peninsula.
- For Dunedin City as a whole, there are 46,590 occupied dwellings and 3,915 unoccupied dwellings.
- There are 3 dwellings under construction in Inner Peninsula, and 186 under construction in Dunedin City.

Note: This time series is irregular. Because the 2011 Census was cancelled after the Canterbury earthquake on 22 February 2011, the gap between this census and the last one is seven years. The change in the data between 2006 and 2013 may be greater than in the usual five-year gap between censuses. Be careful when comparing trends.

This data has been randomly rounded to protect confidentiality. Individual figures may not add up to totals, and values for the same data may vary in different text, tables and graphs. For areas with small populations, the data may not look as expected because of this rounding.

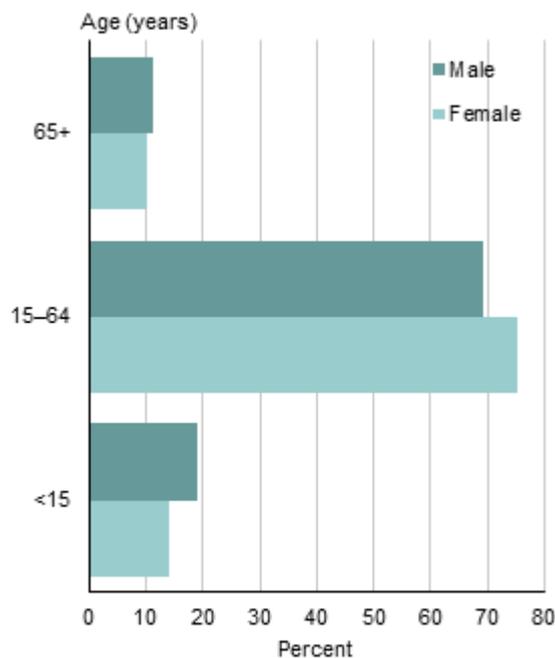

# Age and sex

## *Total population*

- The median age (half are younger, and half older, than this age) is 41.6 years for people in Inner Peninsula. The median age in Dunedin City is 36.7 years.
- 10.8 percent of people in Inner Peninsula are aged 65 years and over, compared with 14.9 percent of the total Dunedin City population.
- 16.6 percent of people are aged under 15 years in Inner Peninsula, compared with 16.2 percent for all of Dunedin City.
