

Population and dwellings

Number of people counted

- 378 people usually live in Stewart Island. This is a decrease of 24 people, or 6.0 percent, since the 2006 Census.
- Stewart Island has 1.3 percent of Southland District's population.

Population of Stewart Island and Southland District		
2013 Census		
Sex	Stewart Island	Southland District
Male	192	15,288
Female	189	14,322
Total people	378	29,610

Source: Statistics New Zealand

Note: All figures are for the census usually resident population count.

Number of dwellings counted

- There are 216 occupied dwellings and 162 unoccupied dwellings in Stewart Island.
- For Southland District as a whole, there are 11,964 occupied dwellings and 2,856 unoccupied dwellings.
- There are 0 dwellings under construction in Stewart Island, and 66 under construction in Southland District.

Note: This time series is irregular. Because the 2011 Census was cancelled after the Canterbury earthquake on 22 February 2011, the gap between this census and the last one is seven years. The change in the data between 2006 and 2013 may be greater than in the usual five-year gap between censuses. Be careful when comparing trends.

This data has been randomly rounded to protect confidentiality. Individual figures may not add up to totals, and values for the same data may vary in different text, tables and graphs. For areas with small populations, the data may not look as expected because of this rounding.

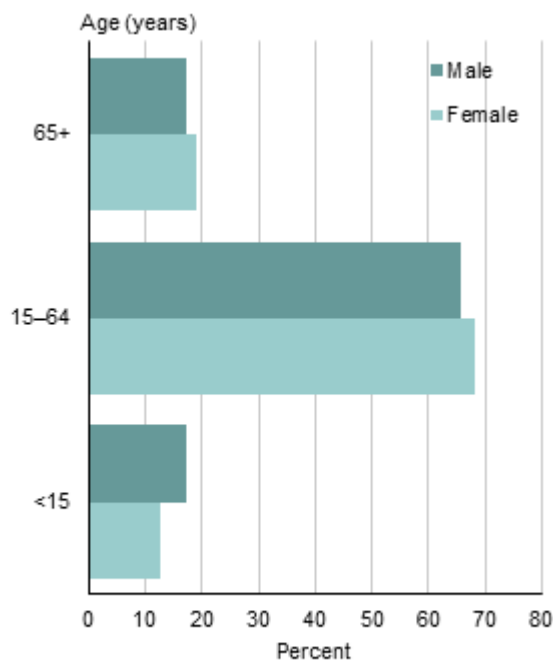

Age and sex

Total population

- The median age (half are younger, and half older, than this age) is 50.2 years for people in Stewart Island. The median age in Southland District is 39.0 years.
- 17.3 percent of people in Stewart Island are aged 65 years and over, compared with 13.6 percent of the total Southland District population.
- 15.0 percent of people are aged under 15 years in Stewart Island, compared with 22.1 percent for all of Southland District.
