1. Australian and New Zealand Standard Industrial Classification 2006 (ANZSIC06 V1.0).

Note: Table may not show five industries as not all area units have five industries within their boundaries.

Some area units may have more than one industry with the same employee count but the table has been restricted to five industries.

Note: Business demographic data is sourced from a register of economically significant businesses which is maintained by Statistics New Zealand. See data quality information on business demographics.

Employee count data has been randomly rounded. Individual figures may not add up to totals, and values for the same data may vary in different text, tables and graphs. For areas with small populations, the data may not look as expected because of this rounding.
