## Accessing the survey

Click on the weblink which has been emailed to you or enter your unique weblink into your web browser address bar to go to your survey. Your weblink has the following format <http://stats.nz/XXXXXX>.

If you don't land on the home page of the survey:

- Double-check you have entered the weblink correctly; the weblink is unique to your business.
- Check you have entered the weblink into the web browser address bar, rather than the search engine.
- Check you are using one of the browsers listed in the FAQs.
- Close your internet session and try again.

## Important information

- The survey must be completed in one session; the survey answers cannot be saved and returned to later. We encourage you to read the checklist above to help you gather all the information you need to complete the questionnaire.
- You can print the completed questionnaire to save a copy for your records. Use the link at the bottom of the webpage once you have submitted your questionnaire. Once you leave the page, you will not be able to access the information you have submitted.
- Additional help in completing the online questionnaire can be found in the Frequently Asked Questions section of the online questionnaire.
